5TH EDITION

ATTEMPT TO KEEP CAPTAIN OFF STAND

White Star Line Planned to Prevent Commander of Californian Going Before Senate Investigating Body at the Capital.

General Manager Thomas of the Boston office of the White Star line today denied his company had prevented Captain Lord and Wireless Operator Evans of the Californian from going to Washington to testify before the Senate investigating committee. "Not only is that report not true, but Captain Lord and Evans left here on the 4 o'clock train this morning and ought to be in Washington this afternoon," declared General Manager Thomas. "Last night I received a telephone message, stating a subpoena had been served upon Captain Lord. I thought the matter over a few moments and then told them to go to Washington. We did not make an attempt to prevent their going, as to please from the fact that they have gone to Washington to testify."

WASHINGTON, April 26.—Senator William Alden Smith, chairman of the Senate investigating committee, today produced before the Titanic disaster inquiry a telegram showing that the White Star line had prevented two important witnesses from coming to Washington and testified. These witnesses were Captain Stanley Lord of the Californian and his wireless operator, Evans.

The charge that the White Star line had detained these men at Boston was made in a telegram from the United States senator at Boston. In the midst of the session that followed the production of the telegram Vice-President P. A. B. Franklin took the stand and explained he had ordered both witnesses to Washington and that they would soon appear. Chairman Smith made the statement: "As I announced yesterday I had directed to be subpoenaed the captain and wireless operator of the ship Californian. Last night the following telegram was received here by Senator Alden Smith: 'Your telegram regarding Californian received. P. A. B. Franklin, captain of the ship Californian, and wireless operator Evans, are at Boston. They are prevented from going by White Star line. I believe they have important information.'"

On the way, says Franklin. All were turned out of the White Star office as this message was read. Franklin Smith asked Franklin if he had to say anything about it. Franklin promptly started upon a long explanation. He had received a message yesterday afternoon, he said, from the manager of the line in Boston saying the captain and wireless operator of the steamer were to die from Boston to New York.

"I was asked," said Franklin, "whether it would not be possible to get the Senate committee's permission to have the deposition of the men taken in Boston. I at once offered to get to touch with Senator Smith but could only reach his secretary. Who informed me late last night that the men must come to Washington. I at once called Boston on the long distance phone and directed that the men be sent and that they come on the train."

TAFT NOW IN ANANIAS CLUB?

NEW YORK, April 26.—Colonel Roosevelt today prepared to reply to the brotherly attack made by President Taft in Massachusetts yesterday. The colonel retorted from Oyster Bay and went to the Outlook office, where he put the flaming touches upon the speech which he will deliver in Worcester tonight.

"I will not use invective," declared Colonel Roosevelt, when asked what he intended to say in answer to President Taft's arraignment. "I will talk right out and let straight from the shoulder." President Taft today issued a formal denial that he had said in his speech at Springfield, Mass., yesterday, that Colonel Theodore Roosevelt would be a dictator and stick to the White House like a leech when he was elected for a third term. The President said:

"I do not use the language attributed to me at Springfield in some of the dispatches, in which I am made to say the speakers would be a dictator and stick like a leech to the White House."

NEW TUBERCULOSIS
PREVENTORIUM OPENS
FARMINGDALE, N. J., April 26.—The tuberculosis preventorium for children, the first institution of the kind established in this country, has been formally opened. The exercises were held in the open air, and the speakers were Governor Woodrow Wilson, President George M. Hays of New York, Mayor Michael of Trenton, Dr. J. C. Bell, well known as an expert on tuberculosis, and the Mayor of Farmingdale.

Why you should "dress up" and smile while eating.

Rose Pitonof Asks Warship in Channel

Girl Swimmer Wants Naval Vessel to Accompany Her on Her Attempt for Record.

Miss Rose Pitonof, the long-distance swimmer from Danvers, who will make an attempt to swim the English Channel in July, will be accompanied with a vessel from the United States Navy if her friends can prevail upon the government to send one. An application was made to the Navy Department in Washington today through Congressman Carter for a launch or torpedo boat for the trip. Lawyer Herbert J. Kenney of Boston sent the application to Congressman Carter. The English government has been asked to lend the launch to the government, but it is not yet known if this government will aid in her attempt to swim the channel. The application was made to Brookman Whitworth, Assistant Secretary of the Navy, who said he would take up the matter with the government and will make known his decision tomorrow morning.

\$600,000 Bank Lien Might Hit Payrolls

Lowell Savings Institution Fights Attachment Just Before End of the Mill Workers' Week.

An application for the creation of an attachment of \$600,000 against the Lowell Institution of Savings, or a lowering of the amount, was made today before Judge Crosby in the Superior Court at East Cambridge, as that the bank would not be allowed to use a great deal of money in connection with the paying of of mill hands and in other ways. The unusual court proceeding was brought by Frederick Fisher in behalf of the bank. The attachment was obtained by the Trusts of Boston, who alleged that when her father died recently he left the bank with the sum of \$600,000 and that she was unable to carry the sum. A report of this she brought action against the bank, Judge Crosby took the case and will be submitted to the council.

FINAL RICHESON PLEA TO FOSS

A highly important step in the final fight for the life of Clarence V. T. Richeson, sentenced to die in the electric chair in the week beginning May 19 for the murder of Anna Elsie, which he confessed, will be taken at 4 o'clock this afternoon, when the condemned man's attorneys present a petition, supplemented by arguments, to the Governor, asking that the execution be postponed to the Executive Council.

The property of submitting the matter to the Executive Council rests solely with the lawyers. If he decides against it, that ends all hope for Richeson. If he decides that the request should be granted, he has one more chance—the chance that the council may give him his life. Both Julia L. Lee of Virginia and William A. Morse of Boston, attorneys for Richeson, yesterday strong hopes that the Governor will accept the petition and turn it over to the council. While great pressure has been brought to bear upon Governor Foss for and against Richeson, the fact that Governor Foss is opposed to capital punishment and that it is not believed that he would care to assume the responsibility of sending the man to death seems to the general belief that the petition will be submitted to the council.

MANY ARE WAITING AT HALIFAX FOR STEAMER WITH TITANIC'S DEAD

NEW YORK, April 26.—The bodies of Colonel John Jacob Astor, Isidor Straus, Benjamin Guggenheim and Charles M. Hays, four heroes and victims of the Titanic disaster, have been recovered, according to information that reached New York today.

Three of the bodies recovered are believed to be those of former residents of Massachusetts. One of the names is that of T. W. Newell, believed to refer to A. W. Newell, president of the Fourth National Bank of Boston. It is thought that the F. F. White mentioned refers to Richard F. White, son of Percival W. White of Winchendon, and a third name is believed to be that of Milton C. Long of Springfield.

A wireless message from the steamer Mackay-Bennett, received by the White Star line, announced the finding of the bodies of Colonel Astor and Mr. Straus, former Congressman and New York merchant, while further information from Halifax added the names of Mr. Guggenheim and President Hays.

The cable ship Minia sent the news of the discovery of Hays' body in this dispatch: "This morning recovered body C. M. Hays."

The Mackay-Bennett, sent by the White Star line to search for the bodies of victims, is headed for Halifax with those recovered that were in a condition to be brought ashore. Many friends and relatives of those who lost their lives in the great straggy are at Halifax, awaiting the coming of the funeral ship.

In the wireless dispatch received here today from the Mackay-Bennett were thirty-four names of bodies recovered, not hitherto reported, and a list of fifteen which had been embalmed.

The dispatch follows:
"Steamship Mackay-Bennett, via Steamship Caledonia, Cape Race: To J. Bruce Ismay, White Star Line."

"Alie, William; Button, F.; Stone, J.; Stokes, Philip; Pett, Edwin H.; Wallens, Achille; Esplanade, Carl; Johnson, J. F.; Allen, H.; Anderson, W. Y.; Hodges, H. P.; Talbot, G.; Robinson, J. M.; Hill, J. C.; Gill, J. W.; Johansen, Erle; Lilly, A.; Parker, E. F.; Bailey, G. F.; Woody, O. S.; Hewitt, T. Connors, P. Bashwood, Wm.; Hanton, W.; Anderson, Thomas Lawrence, A.; Adams, J.; Bothbyrogoyko, A.; Butterworth, Abel J.; Robins, A.; Lauch, Charles B.; Pinn, Olsen F.; Chapman, Charles; Wirz, Albert. All the following have been embalmed: Jones, C. S.; Straus, Isidore; Butler, Reg.; Harrison, H. E.; Newell, T. W.; Astor, J. J.; Long, Vincent C.; Duils, W. C.; Allison, H. J.; Graham, George; Birbaum, Jacob; Partner, Austin; White, F. F.; Cavendish, W.; Villier, and Hondrick, K."

MARIANO BOY IS HELD IN \$2,000

PROVIDENCE, R. I., April 26.—Four-year-old Antonio Mariano of Martelle, North Providence, was held for the week beginning May 19 for the murder of Anna Elsie, which he confessed, will be taken at 4 o'clock this afternoon, when the condemned man's attorneys present a petition, supplemented by arguments, to the Governor, asking that the execution be postponed to the Executive Council.

The property of submitting the matter to the Executive Council rests solely with the lawyers. If he decides against it, that ends all hope for Richeson. If he decides that the request should be granted, he has one more chance—the chance that the council may give him his life. Both Julia L. Lee of Virginia and William A. Morse of Boston, attorneys for Richeson, yesterday strong hopes that the Governor will accept the petition and turn it over to the council. While great pressure has been brought to bear upon Governor Foss for and against Richeson, the fact that Governor Foss is opposed to capital punishment and that it is not believed that he would care to assume the responsibility of sending the man to death seems to the general belief that the petition will be submitted to the council.

Mrs. Ade Mathers, mother of the slain boy, who was in court with her little daughter, Betty Mathers, wept bitterly when the boy's clothing was shown in evidence. The Olympic was ordered back to port, and the work of dismasting her 1,200 passengers was begun. Earlier in the day marines from the cruiser Cushman arrested when aboard the body of young Mathers after it was found, testify as to the nature of the wounds and other marks on the body.

GILL READY TO CONFRONT CAPT. LORD IN WRECK INQUIRY

CALIFORNIAN'S COMMANDER INSISTS GILL'S STORY IS NOT TRUE.

WASHINGTON, April 25.—Captain Stanley Lord of the Leyland Line Californian arrived from Boston today to confront Ernest Gill, dockyard engineer of the ship, both having been summoned to tell their stories to the Senate committee regarding their proximity to the sinking Titanic on the night she went to her doom.

Gill swore he saw the signals of the Titanic and that the Californian disregarded them. Captain Lord denies this. These conflicting stories, as well as those of a similar character by members of the crew of the Canadian Pacific steamer Mount Temple, were the big features of its latest in the inquiry today.

Four Vessels Mentioned.
The calling of the officers from the Californian followed the AMERICAN's elaborate presentation of Gill's affidavit, and indicates the determination of the committee to investigate in all its details the report that a steamer practically refused the Titanic aid in her distress.

Four vessels have been mentioned in this connection. The Mount Temple, the Californian, the Frankfurt, and the Healy. The officers of the three from the Californian were miles away from the Titanic and unable to reach the sinking ship. Members of the crew of the Mount Temple and the Californian, however, insist that they saw the signal rockets of distress.

Captain Lord (above) denies the story told by Gill that the Californian ignored distress signals of the Titanic. Both are in Washington ready to testify.

the Californian of the Leyland Line and Gill, who declares that Lord's story of the Titanic's distress signals is untrue.

Gill does not fear to meet his former captain. He is quoted as saying: "I am not afraid of the ship or any man on board while I am on shore. It is another matter, just the same, to be in the middle of the confusion and chaos which will be the result of the inquiry."

"I saw the Titanic with my own eyes. I saw her broadside lights, and I couldn't have seen her if she was twenty miles away as the captain says. I couldn't have seen her if we were more than two miles distant. I was the only man on the ship to leave the cockpit, because I heard the engineer officers talking about them last night, and saying that the ship had been notified and told the watch officer to move to her with lanterns."

THE AMERICAN reporter who was investigating the Californian's part in the Titanic affair, overheard an argument up on the street leading to the pier of the Californian in Boston between two members of the steamer's crew on Wednesday.

A WARNING TO MANY

Some Interesting Facts Regarding Health Statistics

Few people realize to what extent their health depends upon the condition of the kidneys.

The physician in nearly all cases of serious illness, makes a chemical analysis of the patient's urine. He knows that unless the kidneys are doing their work properly, the other organs cannot be brought back to health and strength. When the kidneys are neglected or abused in any way, serious results are sure to follow. According to health statistics, Bright's disease, which is really an advanced form of kidney trouble, caused nearly ten thousand deaths in 1910, in the State of New York alone. Therefore, it behooves us to pay more attention to the health of these most important organs.

An ideal herbal compound that has had remarkable success as a kidney remedy is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. The mild and healing influence of this preparation is soon realized. It stands the highest for its remarkable record of cures.

If you feel that your kidneys require attention, and wish a sample bottle, write Dr. Kilmer & Co., Binghamton, N. Y. Mention this paper and they will gladly forward it to you absolutely free, by mail. Swamp-Root is sold by every druggist in bottles of two sizes—50c. and \$1.00.

later. The four men sat silent and did not contradict a single statement. When he said that it was a disaster, the British steamer to have a captain who would not aid a vessel in distress they nodded their heads.

"I told you, we should go in a body to the Board of Trade, where the ship gets back. That's the only way that we can let people know what happened on the Californian that night."

The reporter asked Gill to repeat his statement and explain why he made it in the presence of his four mates. He said that he was not alone, but that he was with four mates and of seeing rockets going up from the vessel in distress half an hour

evening. Gill was one of the group, and he was expressing his mates because they valued their jobs more than their manhood, he said.

"I told you, we should go in a body to the Board of Trade, where the ship gets back. That's the only way that we can let people know what happened on the Californian that night."

The reporter asked Gill to repeat his statement and explain why he made it in the presence of his four mates. He said that he was not alone, but that he was with four mates and of seeing rockets going up from the vessel in distress half an hour

Engineer Sticks to Story About Seeing the Titanic's Signals.

"I would not be safe."

When Gill declined to leave the vessel and go under the guidance of the AMERICAN to Washington, the four men voluntarily shook hands with him. Gill left the vessel on the midnight train Wednesday. One of the officers of the Californian, who had heard from members of the crew that he had seen the signals of the Titanic, said goodbye to him.

Arrive Worcester at 7:30 p. m.
Speech at Mechanics Hall, Worcester, 8 p. m.
Leave Worcester at 9:20 p. m.
Brief speech at South Framingham.
Arrive Boston, South Station, 10:30 p. m.
Taken in auto to home of Dr. W. A. Higelow at No. 36 Beacon street, where he will spend night.

ST. LOUIS, Mo., April 25.—The Republican State Convention, after one of the most spectacular fights in the history of the party here, adjourned quietly after 4 1/2 p. m. after electing the delegates to the national convention for Roosevelt. The Roosevelt men gained complete control of the convention.

LITTLE ROCK, Ark., April 26.—Two sets of delegates to the Republican State convention, elected here after the Roosevelt men had stormed the hall held by Taft supporters and been repulsed, today planned to carry the conflict to the state convention. Fighting about the convention hall between the rival factions was hot and furious for a while, and a number of men on both sides were hurt. The Taft men kept the Roosevelt followers out of the hall, and the Roosevelt faction negotiated a meeting on the lawn, while the Taft men elected their delegates inside the building.

TEDDY'S MACHINE--A PEACH!

OPEN HARVESTER SUIT TUESDAY

WASHINGTON, April 25.—President Taft has instructed the Law Department to begin and next Tuesday against the Harvester Trust, and the papers will be filed in Minneapolis—that city being chosen rather than Chicago because of its more efficient handling of anti-trust operations.

In the President's own words, the action is a detouring to give some of the more exclusive advantage to have gained through the charges that Colonel Roosevelt attacked the Harvester Trust while he was in office.

ROOSEVELT HERE TO ANSWER TAFT

Colonel Roosevelt enters Massachusetts today to make the political fight of his life.

Thoroughly aroused by President Taft's speech, which was his last in his speech at the Boston Arena, the former president is expected to make a vigorous reply during his four days stay in the Bay State.

Typical Roosevelt speeches are an attack on the President's policy.

Beginning tonight in Worcester, the Colonel will cover practically every corner of the State, a tour such as no candidate for President has ever attempted in Massachusetts.

His first stop in the central part of the State will be at Worcester, where he will make a speech at the Worcester Arena, and will then make a trip across the State to Pittsfield and North Adams, speaking briefly on route at a number of cities and towns.

His broadside speech will be at the Boston Arena on Saturday evening, when he will make a platform from which Taft made his attack.

Roosevelt's further statement about the "trust-busting" business of the President, which he has been attacking since his arrival in the State, will be made at the Worcester Arena.

The several special instances in which Roosevelt has been "trust-busting" will be discussed in detail in the lecture he will give at the Worcester Arena.

He will also discuss the "trust-busting" business of the President, which he has been attacking since his arrival in the State, will be made at the Worcester Arena.

He will also discuss the "trust-busting" business of the President, which he has been attacking since his arrival in the State, will be made at the Worcester Arena.

Bracing Vacations in Glacier National Park

Season Daily to October 15, 1912

All is ready--hills, trails, horses, guides. You can spend a week of solid comfort in a modern hotel, or you can "rough it" up in the mountains. Specially conducted tours a feature.

Outings \$2.00 to \$6.00 per Day

The streams are filled with trout--the snow-capped mountains call the eagle--the sunlit lakes are full of fish. The scenery is so beautiful that it is hard to believe that it is in the heart of the Rockies. The mountains are so high and so rugged that they seem to touch the sky. The lakes are so clear and so blue that they seem to be a part of the sky. The forests are so dense and so green that they seem to be a part of the earth. The whole scene is so beautiful that it is hard to believe that it is in the heart of the Rockies.

10 Pieces of Striking Literature

Call, phone or send at once for this unusual literature--the Glacier National Park--the most beautiful scenery in the world. It tells the complete story and contains many beautiful views, including "An Aerial View" of the park.

Also, ask for details as to special low fares to Glacier National Park and the Pacific Coast via the Great Northern Railway. Summer Tourist Tickets are valid daily until Sept. 30. Convention fares run many days. All Great Northern Coast Train fare via Glacier National Park.

Have Your Children Grow Up in Little Wonder Shoes

EVN-TRED

Yes, we agree that we might not say this if the same shoes could be bought elsewhere. As they cannot be bought elsewhere, they must be different from all others. They ARE different. Different in LOOKS, in FIT, in WEAR. SO DIFFERENT that in a year's time you save the price of two or three pairs of ordinary children's shoes. Besides our children have the best protection known against tired feet, broken arches, bunions, etc.

REPUBLICANS!

What Bargain Has the Old State Machine Made with the Street Railway Interests of Massachusetts?

Here is Another of the Unsigned Circulars With Which the Taft Machine Has Been Flooding the State in Defiance of the Law.

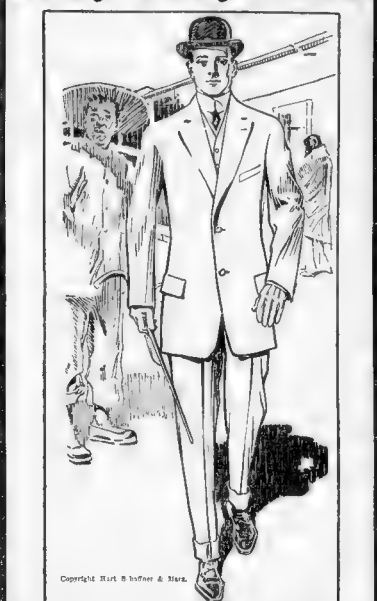

This One is Addressed to the Owners and Employees of the Big Street Railway Corporations. What Do You Think of It?

"William H. Taft is a member of the New England Street Railway Club. You are requested to be present, work and vote at the primaries, Tuesday, April 30."

LINDSAY MORISON
GETS THE MAJESTIC
FOR SUMMER SEASON

[illegible][illegible]

Mr. Nathan C. Russell, Esq.,
and a copy to the Post-Superintendent
of the Marine Hospital, New York.

LINDSAY MORISON GETS THE MAJESTIC FOR SUMMER SEASON

It's a little different from the way she's been seen in the past, but Lindsay Morison is still the same. The 25-year-old actress, who has been in the industry since she was 16, is now the face of the Majestic brand for the summer season. Morison, who has been in the industry since she was 16, is now the face of the Majestic brand for the summer season. She is the same person who has been in the industry since she was 16, but she is now the face of the Majestic brand for the summer season. She is the same person who has been in the industry since she was 16, but she is now the face of the Majestic brand for the summer season. She is the same person who has been in the industry since she was 16, but she is now the face of the Majestic brand for the summer season.

[illegible]

A hand is shown holding a small, dark, oval-shaped object, possibly a seed or a small fruit, against a background of a newspaper clipping. The clipping contains text that is partially legible, including the phrase "Many Thousands Coming".

Nine Schoolboy Games on Card Brookline Plays Roxbury Latin

SCHOOL GAMES TODAY.

Brookline and Roxbury Latin will play a football game today at 2:30 p.m. at the Brookline grounds. The game is expected to be a close one, as both teams are well matched. Brookline is favored to win, but Roxbury Latin is a slight favorite in the return game on Saturday.

Other games on the card include a basketball game between the Brookline and Roxbury Latin teams at 7:30 p.m. at the Brookline gymnasium. The game is expected to be a close one, as both teams are well matched. Brookline is favored to win, but Roxbury Latin is a slight favorite in the return game on Saturday.

The Brookline and Roxbury Latin teams will also play a tennis match today at 10:00 a.m. at the Brookline tennis courts. The game is expected to be a close one, as both teams are well matched. Brookline is favored to win, but Roxbury Latin is a slight favorite in the return game on Saturday.

SCHOOL NOTES

The Brookline and Roxbury Latin teams will play a football game today at 2:30 p.m. at the Brookline grounds. The game is expected to be a close one, as both teams are well matched. Brookline is favored to win, but Roxbury Latin is a slight favorite in the return game on Saturday.

Rule for Schoolboy Athletes Changed

The rule for schoolboy athletes has been changed. The new rule states that a player who is injured during a game must be removed from the game immediately. This rule is intended to protect the health of the players and to ensure that the game is played fairly.
